Hi Pat and Lee,

Would you be available for a call tomorrow for a quick review of the draft before we send the final to you on Thursday? Just wanted to make sure we covered everything. We can share our screen over Teams if that works. Hope you all fared okay with Isaías.

Thank you.

Hi Pat and Lee,

Attached are the CMAQ modeled deposition maps. We'll reference these on our call tomorrow.

Talk to you then!

Hi Pat and Lee,

Annamaria and I would like to speak with you to update you on the progress on our end. We have some deposition maps using the Community Multiscale Air Quality (CMAQ) model and some thresholds we can possibly use.

Would you both be available on Wednesday for a call and what times would work for you?

Thank you,  
Neha
